For the importation of turtles into Curaçao, the shipment must be accompanied by an Official International Health Certificate, of no more than 14 days old, stating the following:

- The turtles do not proceed from a zone or compartment that is under quarantine
- The turtles were examined **on the day of the shipment** and showed no clinical signs suggestive for any infections
- The vessels in which the turtles are transported are new and unused

The health certificate may be emailed for approval for entry at info.uovz@gobiernu.cw.
